

**Prickly Pear Sportsmen's Association
MacDonald Pass Shooting Range
2020 Accomplishments**

All ranges

- Seeded berms/ applied fertilizer to berms (revegetation) and areas of lead concentration (mitigation)
- Repaired/replaced gongs/target backers; converted most hangers to rubber-lined hose
- Rocked headers on culvert inlets and outlets (25-50-100 yard ranges)
- Repaired and compacted problem areas following last year's milled asphalt application
- Applied asphalt binding agent to seal all compacted millings
- Competed enhanced COVID-19 signing and sanitation

Short range

- Added backstop to create 75-yard station

Rim fire/100-yard range

- Installed short intersecting berm to mitigate fly back from rim-fire

Administrative
